TECHNICAL SPECIFICATION

RINSEMATIC HW AUTO DISHWASH RINSE ADDITIVE

A rinse additive for dish washing and glass washing machines - to assist drying and to give sparkle to all catering ware. The formulation contains a blend of low foaming non-ionic surfactants, solvents, preservative and food safe water soluble dyes.

Features include:

- Economical dilution rates.
- High active product guarantees efficient use.
- Low foam surfactants aid overall cleaning performance.
- Solvents used promote rapid streak free drying of all dishes and cutlery.
- Delivers "wet free" crockery quickly, making it suitable for restaurant use.
- Leaves glasses and cutlery free from 'spotting'.
- All surfactants used are biodegradable and phosphate free.

PROPERTIES:

Appearance @ 20°C
pH (neat)
Odour
Specific Gravity @ 20°C
Flammability

SPECIFICATION:

Pink, clear, non viscous liquid
7.0 +/- 1
Strong, solvent odour
1.000 +/- 0.002
Non-flammable

DIRECTIONS FOR USE:

- Dilution rates depend on total hardness of mains water supply, but it is recommended that the product is used at a concentration of 0.01% to 0.05%.
- Rinse water should be greater than 80°C.
- For best results use this rinse aid in conjunction with one of **Kitchenmaster Machine Dishwash Detergents**.

STORAGE:

Store in original container and protect from extremes of temperature. Do not store in direct sunlight nor allow the product to freeze. Shelf life (in unopened original container) is a minimum of 18 months.

SAFETY ADVICE:

Under the new GHS Standard this product is not classified. Please refer to section 2.2 of the Safety Data Sheet for more information.

PACK SIZE:

4X5L case (48 per pallet)
20L container (40 per pallet)

Order Code: GRAAICPK-2X5L
Order Code: GRAAICPK-20L
